Carmen Aggratulatorium in Nucleos, Insignia & dictum Domini Auctoris.

**urn:nbn:de:hbz:466:1-42256**

Submittat Astrææ, hac sine turbidis  
Gentes & oræ seditionibus,  
Cunctæque tempestate Martis  
Belligerâ, quaterentur urbes,  
Martem parentum dira gementium  
Lamenta, planctus, & gemitus retro,  
Eufæque certatim querelæ;  
Irriguo sequerentur imbre,  
Arderet ingens, hoc sine nucleo  
Tumultus orbis, qualis in improbo  
Nutritus inferni Camino,  
Diffidiis quatit horror umbras,  
Omira parvi gloria Nuclei!!  
Queis digna tandem Pyramidum jugis!!  
Per astra juro mentis index.  
Hic Nucleus generosioris.  
Sed hem stuporem frons Aquila, & jubat  
Eugat Leonis, quæ duo symbola  
Tuentur auctorum, relatas.  
Ex geminis Nucleus coronas,  
Nempe Imperator quadrupedum Leo  
Robustiores denotat indolem,  
Sagacis at mentis revelat  
Frons Aquila manifesta signa,  
Sic hunc tenacem iustitia virum,  
Non Zoilorum rostra furentium,  
Non dira sectarum Caterva,  
Mente quatit solida, nec Auster.  
Nam non subactis, ingruit efferus  
Euror Leonis, terrificos vibrat  
Vngues, in excelsi tumoris  
Corda, truci tumefacta flatu,  
Emblema sanctæ iustitiæ Leo,  
Gerens sub acri, fortiter vngulâ,

Hinc

Hinc, ut superborum præterna  
Colla domet, subigatque victor,  
Assurgit altè, turbidus horridos  
Fulvam per armos concutiens jubam,  
Erumpit in cætum rebellem,  
Fulmineo metuendus ore,  
Regina vero pennigeri chori,  
Gerens sub uncis *suaviter* unguibus,  
Pacata disponit, *Leonis*,  
Hæc rabidi moderatur iras;  
Sic Nuclei pars prima, rebellibus  
Intentat æquas *Iustitiæ* minas;  
Sic flamma vindictæ, prioris  
Quam Nuclei male spirat ultrix,  
Pars in rebelles, Nuclei ab alterâ  
Parte allevatur, quæ jubet inclytæ  
Amore virtutis, piarum  
Dulce jugum subiisse *legum*,  
Quid ergo mirum, cum *Leo* reboris,  
Cum stiper ales te sapientix,  
Emblema te tales gemello  
In Nucleo, pepigisse *leges*,  
At at sequentis, quid *Nuclei* labor?  
Humana suadet relinquere, gaudia  
Fucata conculcare mundi, &  
In superas penetrare sedes,  
Perlustrat oreum, tertius hic labor,  
Virtutem in alto collocat effedo,  
Purgantis investigat antri  
Supplicium, scelerumque pœnas.  
Ac tandem, in arces nititur igneas,  
Victoriosos æthereæ domus,  
Cantans triumphos, & beatos  
Cælituum sine fine plausus:

o perge

O perge tantos edere legifer  
Mundo labores, Fortiter ut Leo,  
Perge usque, victricis domare  
Iustitiæ capita alta loris;  
O perge promptos perge age suaviter  
Astricæ habenis subdere vertices,  
Sic te triumphalis manebit,  
Insuperum regione laurus,  
Sic fulgurantem te face siderum,  
Stupebit Arctos, rhedaque gloriæ  
Migrabit in terris ad ortum,  
Solis ab Hesperio cubili.

*Honoris & benevolentia ergo, hujus Nuclei  
Auctori applaudebat studiosa Inventura  
Carolina schola osnabrugensis.*
