39. *Henricus Clauſius*, Weiffenhorname, eligitur anno Christi 1527. Praeſt adhuc currente hoc Jubilao septuagenarius, latine mediocriter doctus, iuſtitiae & aequitatis ſtudivifimus, monasterii ſui diligens iſpectoř & illuſtratoř, oeconomus strenuus & vigilantissimus.

Sub hoc Abbate, anno Christi 1546. efferuēſcente Germanico bello, viginti Heluetii impetum facere & armata manu accurrere in cœnobium auiſi fuerunt, egregie bibentes & magnis truncis omnes januas effringentes. Monachi mox campanas pulſare & colonorum ita præſidia advocare coeperunt, qui ſine mora venientes, Helvetios miſere verberarunt, & carceri incluerunt: ubi per dies aliquot ſub duris jejuniis detenti, tandem iterum dimiſſi ſunt, facta priu de non ulcifendo conventione. Hæc communicavit mihi egregie doctus ejus loci cœnobita & prior, versificator ingeniosifimus, *D. Bartholomeus Stella*, patria Isnensis, qui carmine ſemper ludere, ſed illa, quæ componit, vel in nonum uſque annum premere, aut ſibi certe tantum ludere ſolet, ut ille ingeniosus citharœdus faciebat, de quo eſt apud veterem Poëtam.

felicitatem eam Ratisbonensibus, nolebat ferre, ut quicquam navigio

anno videlicet 1440. instinctu Marchionis Brandenburgenis, Friderici, cuius ditioni nolebat subesse Abbas, et si is Dominus esset tum Comitatus Graisbachianus, ad quem dicebat Marchio pertinere etiam cœnobium Cæsariense. Cui cum Abbas intrepide responderet, nec habere nec agnoscere alium sese Dominum quam Romanum Imperatorem vel regem, nec habuisse Cæsariense cœnobium à primæva sui fundatione præter hos alium Dominum; Marchio incensus ira Abbatem equo alligatum ex cœnobia Cæsariensi in Marchionatum avexit. Quomodo autem ibi tractatus sit, non invenio in factos relatum.

21. *Nicolaus Kolb*, sacræ paginae eximius Doctor, eodem anno ex Fontium salutarium cœnobia assumptus est. Is non erat felix œconomus, ita ut sub eo ad summam pene inopiam redactum fuerit Cæsariense monasterium. Affectus plurimis vicinarum urbium Imperialium injuriis Romanum proficisciatur, petitus à Pontifice defensionem, quam & impetravit: felicitet itaque inde reversus una cum Pontificio fulmine, adversus hostes suos scripto, obiit mox anno 1458. cum monasterio præfusset quidem annis octodecim, sed non admodum profuisset.

Cesarea obsideatur a Marchione Alberto. 22. *Georgius*, patria Ingolstadianus, eligitur anno Christi 1458. Celebratur alter Cæsariensis monasterii fundator propter diligentem œconomiae administrationem, & monasterii domiciliorum instauracionem. Hoc præidente, Albertus, Marchio Brandenburgenis, obsidione monasterium cinxit, & securius sibi iter in id faciens anno 1461. effecit, ut Abbas data prius Marchioni, Cæsareæ Majestatis nomine, fide Nordlingam secederet. Aedificavit Bibliothecam, infirmary, & alias plurimas ædes. Præfuit utilissime 21. annis. Decessit ex hac vita anno 1479.

23. *Joannes Visthes* eligitur eodem anno, homo grandævus, egregius monasterii illustrator & renovator. Is laudabiliter præfuit annis duodecim, & obiit Augustæ sub cura medicorum anno 1490.

24. *Georgius Castnerus*, ex Werdæa Suevica natus, antea Prior, eligitur anno Christi 1490. Fuit egregius œconomus, & monasteri sui illustrator, aedificator Abbatæ anno Christi 1507. cum

cum ecclesiam prius pulcherrime adornasset ac illustrasset. Dixerat enim, sibi ac successoribus suis nihil sese ædificaturum, nisi Deo prius sua ædificasset. Præfuit utilissime 19. annis. Obiit ex anthraciæ sive carbunculo, anno Domini 1509.

25. *Conradus Fosfor*, vulgo Reutter, patria Nordlingensis, eligitur ex Priore Cæfariensi in Abbatem anno Christi 1509. statim post mortuum Abbatem Georgium. Festinabant vero monachi, quod scirent, Episcopum quendam insidiari & inhiare Abbatiæ, qui dixerat aliquando, non se moritum prius, quam Cæfariensis fieret Abbas. Mortuus est autem, Abbas vero Cæfariensis factus non est. At qui isti dignitati præfectus est, is vir egregie doctus erat, Theologus, & Philosophus insignis, præclarus musicus, legum cum Pontificiarum, tum civilium eximie gnarus, poëta vero talis, qualem nocti invénias unum jam in omnibus totius Germaniæ monasteriis. Extant ejus poemata, MortilogI titulo Augustæ Vindelicorum impressa anno 1508. Vidi juvenis hominem jam tum senem anno Christi 1539. & vixi cum eo per biduum suavissime, cum ille de omni disciplinarum genere dissereret egregie, & tot optimorum versuum ex omni poëtarum veterum genere desumptorum meminisset, ut ego satis mirari memoriam tam reverendi ac suaviter eruditii sensis vix e- quidem possem. Complexus me humaniter, humanius tracta- vit, humanissime à se dimisit. Fuit utilis gubernator coenobii sui, quod turribus, muro ac fossa pulcherrime communivit contra centaurorum quorundam violentiam ac malas technas. Habuit apud se in coenobio suo eruditum quendam monachum, Joan- Knobelii
nem Knobelium seniorem, qui egregium Chronicon de rebus cum Cbri- monasterii, tum Abbatum ejus loci scripsit, & huic Conrado Ab- bati dedicavit: ex quo ego hæc de Abbatibus singulis breviter collegi. Præfuit Conradus Abbas annis triginta & aliquot men- fibus. Decessit ex hac vita anno 1540. Cujus tumulum tali ego honoravi epitaphio :

Reliquit post se, eo tempore adhuc superstitem fratrem Germanum, Dominum Henricum, Abbatem Maulbrunnensem, virum & literis & virtute non ignobilem.

26. *Joannes Zauber*, secundus hujus nominis, artium Philosophiæ Magister, eligitur anno Christianæ salutis 1540. Est vir latine doctus, qui Heidelbergæ & Coloniæ feliciter studuit, liberalis, munificus, & erga literatos omnes humanissimus, bonus ac fidelis haec tenus rerum sui cœnobii inspectör & administrator. Circumduxit elegant & forti muro insignem vineam Layensem, circa Graisbachium ad Danubium sitam, & in media ea vinea amoenissimas construxit aedes, ex quibus coelo sereno tota urbs Augusta Vindelicorum amoenissimo prospectu videri potest. Hæc quatuor aureorum millibus confecit. Apud Gendrichium (qui pagus est in Lyci & Danubii confluxu situs) ejusdem nominis arcem suam ampliavit & præclare auxit. In civitatibus Giengensi & Werdensi præclaras aedes penè de novo instauravit. Sub ejus gubernatione fulmine & tempestatibus læsum erat templum cœnobii, turris vero adjuncta cum campanis omnibus conflagrata anno 1543. Hæc ipse omnia præclare iterum pristinæ dignitati restituit. Extant ad hunc Elegiæ à me scriptæ in 14. & 15. libris Silvarum mearum. Interfuit anno Christi 1548. & hoc præterito Jubileo Comitiis Augustanis, à Carolo V. celebratis, in quibus benignus Mæcenas plurima mihi communicavit ad operis hujus amplificationem.
