Non est facile hostibz universis vitare hostis
insidias Nam ubi quiescit libidinis effugit
passione movetur in anarctid tunc delmata
mundi fontem aperit hanc si transcendat
vires furoris dicit alios plurimos ponit laos
minutiqz quo capi possit inantob Et corpus quide
passionibz facile hz ministrantez ut anima possit
occidere sola atqz mibz eius qui vigilavit dmi
mibz vitando victoria respectat anarctid
impid respectat dissoluit
