cessione vera oriuntur, sed mutato ordine prepos-  
tere descendunt.

Sub ipso vero mundi polo, totius anni spacium  
in diem vertitur naturalem, cuius dies artificialis  
semestri, nox itidem semestri completur. Æquator  
enim in locum Horizontis subiens, zodiacum in  
duo disspescit hemicyclia, Septentrionale semper apa-  
rens, Austrinum vero occultatum.

TABVLA MAXIMO-  
rum dierum artificialium ad singulas  
eleuationes poli, habitantium à  
circulo arctico, vsq; ad pol-  
lum arcticum.

| Elevatio<br>poli | Arcus zodiaci sem-<br>per apparens. |     | Maximæ diei quan-<br>titatis. |     |     |
