ODE SAPPHICA XXXII.

QVI salutari recreabat arte
Membra languenti vitiata morbo,
Nunc recuranda meliora menti
Munia tractat.

Namque ubi magni monitis magistri
Doctus, humane didicit ruine
Tempora, & causam, & reparantis eunum
Vimq; modosq;

Novit & certo propius periculo
Quid mali Christus releuare morbi
Posset: exultans animum supernas
Vertit ad artes.

Ille inaccessoreperens ab ortu
Gesta mirandi genus atque Christi
Scribit, & quantum renouarit almus
Spiritus orbem.

Additus Paulo socius ministro,
Et comes fidus pelagi ac viarum
Sublenat grato officio labores,
