vetis, propterea, gratia Dei inhaerente, non sola imputatione, alienis iustitiis, aut non-imputatione præsentium peccatorum iustum fuisse. Rationes ex ipso textu evidentes suppleantur, quas nobis etiam Caluini, & Aretius exponunt. Ex illius iustitia, quæ laudatur, duo insignia opera oriuntur. Nempe, ut nollet eam traducere, & de se iustitiam, & vellet occulte dimittere. Primum charitas, misericordiaque suadebat, ne coniugem, cognatamque, in qua omnia virtutis, nulla vitiorum indicia notarat, publico probro afficeret. Alterum vero exigebat, mariti officium, ne alieni matrimonii subsessor, impudicitiam coniugis foueret, familiae ac hereditati Davidicæ spuriū infereret. Hæc iusti sunt opera peccatum alienum horrentis, & proprium fugientis. Non possunt hæc convenire in Caluini nam iustitiam: Illa enim cum multo criminum grege, eodem in animo, conscientiaque stabili ac fovei potest. David in adulterio, & eade ducis in notis Beza iudicio iustus erat, retento Spiritu sancto, & non-imputatione criminum: Ea igitur iustitia, non repugnat vitiis; sed tegit: Potuitque Ioseph vel suspectam traducere, vel deprehensam, vxoris leno fouere, quod legibus erat vetitum, & infame. Imo potuit innocentem legibus subdere, ut lapidaretur; Deuter. 22. & per omnium ora traducere, hoc est, & publico iudicio infamare, exempla statuere, quod est & de se iustitiam, ita Numer. 25. 4. Suspende eos Domino & de se iustitiam dicitur. Fatetur tamen Beza etiam hoc verbum habere locum, cum non à iustitie pena insituitur. Ut apud Plutarchum Archilochus scribitur edis parum honeste vestitus se & de se iustitiam, quod & mihi inueni, inquit, necdum in Ecclesiam Dei adscito, euenit: quam tamen maculam spero me cum dictis, tum factis eluisse.

§. 3. Hanc in Iosepho iustitiam Hieronymus alique agnouerunt. Si quis, inquit Hieronymus, fornicaria coniungitur, unum corpus efficitur, & in lege præceptum est, non solum reos, sed & confisos criminum obnoxios esse peccati, quomodo Ioseph cum crimine vxoris celat iustus esse scribitur? Sententiâ igitur Hieronymi, si contra Dei legem celat eum vxoris, iustus esse non potest: at ex non-imputatione Caluini iustus esse potest, non modo qui crimen abscondit, sed etiam qui ausus est. Idem Hieronymus contra Helvidium probat Iosephum etiam virginem fuisse, quia iustus fuit, si iustus, ergo fornicator non fuit; ergo iudicauit fornicationem aduersatam esse iustitiæ: at illa Caluini iustitia non repugnat, cum iuxta Beza in Colloq. Mompelgartensi, David in adulterio, & homicidio iustitiam non perdidit; cum tamen adulterium, & cædes scortatione sint deteriora. De iustitia Iosephi etiam ex ipsa re iudicari potest, eum enim fuisse magni nominis dignatione electus, segregatusque ut Dei genitricis castos, & maritus esset, Christi pater esse putaretur. Vere iustum illum, non criminiosum esse, non sola non-imputatione iustum esse oportuit. Cum præsertim & Virgo coniux, & filius Dei velut familiae capiti essent subditi.

§. 4. Non erat illa iustitia duntaxat probitas civilis, qua angelis creditur, ut putat Aretius. Nam cum illa moralis, & civilis virtute, infidelitas, aliaque flagitia possint consistere. Deinde cum angelis potius, quam hominibus cogitationibus credidit, dicenti, conceptum Christi de Spiritu sancto esse. non id civilis fidei, sed celestis fuit. Beata dicitur virgo mater, quæ credidit, non dubium, quia beatus etiam vir eius qui credidit. Auctores nonnulli ut Soarez pag. 3. Tom. 2. quæst. 19. disput. 7. non improbabile arbitrantur, Iosephum etiam apostolis sanctiorem fuisse. Verum comparationem illam incertam nec asserere, nec negare velim. Aliorum sententia, qui Iosephum consensum in car-

nationis, humilitate & reuerentia tanti mysterii refugisse arbitrantur, nec vera, nec admodum pia videtur, nec enim vxorem deferere, nec Messiam quem ex suo genere nasciturum credebatur, fugere debuit.

VERSUS 20.

Quod enim in ea natum est, de Spiritu sancto est.

QUESTIO I.

Quomodo Christus de Spiritu sancto sit?

§. 1. Hæretici ad suam perniciem, erroresque hæc verba detorserunt, SS. Patres religionis veritatem ex illis probant. Sententia perspicua est: Quod in ea natum est, & de Spiritu sancto, hoc est, conceptum, formatumque, & viuens, non ab alio viro, ut tu suspicaris, sed à Spiritu sancto diuinitus factum est. Ille celestis prorsus gratia, atque admirabili modo Messiae corpus adaptavit, qua operatione coniugis tuæ corpus virginitatemque sacravit, ornauit, inuolabilemque fecit.

§. 2. Marcionitæ abutebantur verbis illis. & dicit Marcionitæ in ea, non ex ea, ut corpus Christo spiritale, & phantasticum tribuerent. Quibus Tertullianus respondit, vestigia citauit. Non enim ideo non ex ea, quia in ea, in matre enim, & ex matre filius nascitur, Lucas Euangelista alia præpositione usus, & ex & de Spiritu sancto, non in ea modo, verum etiam ex ea natum ostendit. Neque igitur cum hæreticorum agnoscimus Christum, qui in imagine, ut dicitur, fuit, & non in veritate; Nihil enim verum fuit eorum, quæ gessit, si ipse phantasma, non veritas fuit. Neque cum cognoscimus, qui nihil nostri corporis gessit, dum nihil ex Maria accepit; nobis enim non venit, si in nostra substantia visus non est. Hic enim qui noster est redemptor, ex femine David ortum habet, ut testantur Scripturæ.

§. 3. Fuit patrum temporibus impia, & petulantè proterua hæresis multorum, ut videtur gentilium, vel qui ex illis conuersi ad pristinas fides redierunt. Dicebant Christi patrem esse Spiritum sanctum, de suorum deorum adulteriis res sacras profane iudicantes. Testis est Tertullianus ap. 2. Huius igitur gratia disciplinaque arbiter & magister, illuminatorque atque deductor generis humani filius Dei annuntiabatur, non quidem ita genitus ut erubescat in filii nomine, aut de Patris semine; non de fororis incesto, nec de stupro filia, aut coniugis aliena Deum patrem passus est squamatum, aut cornutum, aut plumatum amatori, aut in auro conuersum Danaïdæ. Iouis ista sunt, & Gentis sub numina vestra. Ceterum Dei filius nullam de impudicitia habebat matrem, etiam quam videretur habere, non nupsit: sed prius mulabatur substantiam edisseram, ita natiuitatis qualitas intelligitur. Christi natiuitatem.

De facie igitur gentium amaritudo illa exorta, etiam postea Ecclesiam vexauit. Contra eum namque errorem Hieronymus in exposit. fidei Cathol. disputat. Non sicut quidam stultissimi Spiritum sanctum dicimus esse pro semine, sed potentia, & virtute creatoris dicimus esse operatum. Sic Augustinus serm. 91. de temp. In Enchiridio autem c. 38. & Ep. 191. docet non esse Christi patrem Spiritum sanctum. Et Enchirid. c. 40. Natus est Christus de Spiritu sancto, non sicut filius, & de Maria virgine sicut filius. Causa etiam additur: Non enim in eadem specie conceptus est. Quod Chrysostomus 2. in symb. Apost. Rup. Christus non l. de operibus Spiritus sancti. D. Thomas 3. p. q. 32. a. 3. est filius alique notant. Neque hoc ex loco aliud confici spiritus sancti potest.
